Subject Index

Abdominal wall
Polyglactin 910 mesh for support of the donor defect of the double-pedicled rectus abdominis musculocutaneous flap (Hallock and Altobelli), 358
Abdominal wall, surgery
Acute hemodilution in an anemic Jehovah's Witness during extensive abdominal wall resection and reconstruction, with invited comment by Salwa Shenaq, M.D. (Grubbs et al), *case report*, 448
Acanthosis nigricans
Crouzon's syndrome associated with acanthosis nigricans: ramifications for the craniofacial surgeon (Breitbart et al), 310
Acid-base balance
Comparative response of muscle and subcutaneous tissue pH during arterial and venous occlusion in musculocutaneous flaps (Warner et al), 108
Adenoma
Monomorphic adenoma of the parotid in a premature neonate (Casas et al), *case report*, 47
Adipose tissue
Subcutaneous moving bodies (Sakai et al), *case report*, 444
Aesthetics
Aesthetic refinements in reconstructive microsurgery (Toth and Elliott), 117
Challenges in developing resident training in aesthetic surgery (Freiberg), 184
Ambulatory care facilities
re: Alexander et al: fatal necrotizing fasciitis following suction-assisted lipectomy (Vinnik), *letter*, 177; reply (Alexander), *letter*, 178
Ameloblastoma
Ameloblastoma metastatic to the lung (Clay et al), *case report*, 160
Arm
Principles of functioning muscle transplantation: applications to the upper arm (Manktelow and Zuker), 275
Arm injuries
Evaluation of the pedicled thoracoumbilical flap in upper extremity reconstruction (Boyd and Mackinnon), 236

Bandages
Management of the difficult split-thickness donor site (Wood et al), *gadgetry*, 80
Quick stapler tie-over fixation for skin grafts (Kaplan), *gadgetry*, 173
Beckwith-Wiedemann syndrome
Cleft palate in the Beckwith-Wiedemann syndrome (Takato et al), *case report*, 347

Breast reconstruction
Adherence of microorganisms to breast prostheses: an in vitro study (Sanger et al), 337
Dermal pursestring suture: a new technique for a short inframammary scar in reduction mammaplasty and dermal mastopexy, with invited comment by Gilbert P. Gradinger, M.D. (Marconi), 484
Polyglactin 910 mesh for support of the donor defect of the double-pedicled rectus abdominis musculocutaneous flap (Hallock and Altobelli), 358
re: Artz et al: breast reconstruction with a subcutaneous tissue expander followed with a polyurethane-covered silicone breast implant (Shafir et al), *letter*, 366
Second- and third-degree burns as a complication in breast reconstruction (Maxwell and Tornambe), 386
Striving for excellence in breast reconstruction: the salvage of poor results (Kroll and Freeman), *case report*, 58
Breast, surgery
Preoperative and postoperative considerations in elective breast operations (Cathcart and Hagerty), *case report*, 533
Burns
Advances in burn scar reconstruction: the use of tissue expansion (Neligan and Peters), 203
Second- and third-degree burns as a complication in breast reconstruction (Maxwell and Tornambe), 386
Vascular microanatomy of skin territory of posterior forearm and its clinical application (Ding et al), 126

Candida albicans
Adherence of microorganisms to breast prostheses: an in vitro study (Sanger et al), 337
Carcinoma
Preoperative and postoperative considerations in elective breast operations (Cathcart and Hagerty), *case report*, 533
Subcutaneous moving bodies (Sakai et al), *case report*, 444
Carcinoma, basal cell
Solitary basal cell carcinoma in a child (Fliss et al), *case report*, 43
Case reports
Acute hemodilution in an anemic Jehovah's Witness during extensive abdominal wall resection and reconstruction, with invited comment by Salwa Shenaq, M.D. (Grubbs et al), 448
Ameloblastoma metastatic to the lung (Clay et al), 160
Cleft palate in the Beckwith-Wiedemann syndrome (Takato et al), 347
Effective cosmetic treatment for Ota's nevus (Cosman et al), 36
Extended temporoparietal fascia "non-free" flap (Hallock), 65
Failed tissue expansion in a patient with osteogenesis imperfecta (Stark and Jaeger), 156
Frontoethmoidal meningoencephalocystocele, with invited comment by Stephen A. Schendel, D.D.S., M.D. (Shah et al), 523
Internal hemipelvectomy as a treatment for end-stage pressure sores (Strinden et al), 529
Median forehead island skin flap for the correction of severely collapsed nose (Zhou and Hu), 516
Monomorphic adenoma of the parotid in a premature neonate (Casas et al), 47
Posttraumatic condylar hyperplasia (Lineaweaver et al), 163
Preoperative and postoperative considerations in elective breast operations (Cathcart and Hagerty), 533
Question mark ear (congenital auricular cleft): a familial case (Takato et al), 69
Solitary basal cell carcinoma in a child (Fliss et al), 43
Striving for excellence in breast reconstruction: the salvage of poor results (Kroll and Freeman), 58
Subcutaneous moving bodies (Sakai et al), 444
Subcutaneous pedicle flap for perineal reconstruction (Sakai et al), 440
Subtransversalis passage of a rectus abdominis island flap for treatment of osteomyelitis of the posterior superior iliac spine (Lineaweaver et al), 539
Successful replantation of the heel pad: a seven-year follow-up (Sanger and Matloub), 350
Total scalp excision and auricular resurfacing for dermal cylindroma (turban tumor) (Freedman and Woods), 50
Use of suction curettage as adjunct to the management of lymphedema (Louton and Terranova), 354
Cerebral ventricles
Frontoethmoidal meningoencephalocystocele, with invited comment by Stephen A. Schendel, D.D.S., M.D. (Shah et al), *case report*, 523
Cicatrix
Advances in burn scar reconstruction: the use of tissue expansion (Neligan and Peters), 203
Cleft lip
Congenital sinuses of the lower lip: reappraisal of Van der Woude syndrome on the basis of nine patients (Srivastava and Bang), 316
Cleft palate
Cleft palate in the Beckwith-Wiedemann syndrome (Takato et al), *case report*, 347
Congenital sinuses of the lower lip: reappraisal of Van der Woude syndrome on the basis of nine patients (Srivastava and Bang), 316
Cloxacillin
Prophylactic antibiotics in surgical treatment of axillary hyperhidrosis (Ma et al), 436
Columella
Aesthetic treatment of the columella (Cachay-Velásquez and Laguinge), 370
Craniofacial dysostosis
Crouzon's syndrome associated with acanthosis nigricans: ramifications for the craniofacial surgeon (Breitbart et al), 310
Crouzon's syndrome. *See* Craniofacial dysostosis
Crouzon's syndrome associated with acanthosis nigricans: ramifications for the craniofacial surgeon (Breitbart et al), 310

Cyclosporine
Growth of forelimb allografts in young rabbits immunosuppressed with cyclosporine (Kniha et al), 135
Cylindroma
Total scalp excision and auricular resurfacing for dermal cylindroma (turban tumor) (Freedman and Woods), *case report*, 50

Decubitus ulcer
Internal hemipelvectomy as a treatment for end-stage pressure sores (Strinden et al), *case report*, 529
Deoxyribonucleases
Nonoperative management of full-thickness intravenous extravasation injuries in premature neonates using enzymatic debridement (Falcone et al), 146
Digital artery
Reverse digital artery flap for fingertip reconstruction (Lai et al), 495
Dimethylsulfoxide
Experimental evaluation of oxygen free radical scavengers in the prevention of reperfusion injury to skeletal muscle, with invited comment by Paul N. Manson, M.D. (Feller et al), 321

Ear, external abnormalities
Question mark ear (congenital auricular cleft): a familial case (Takato et al), *case report*, 69
Ear neoplasms
Total scalp excision and auricular resurfacing for dermal cylindroma (turban tumor) (Freedman and Woods), *case report*, 50
Editorials
Editor's introduction to the University of Toronto issue (Vistnes), 179
Guest editor's introduction to the University of Toronto residency program (Manktelow), 180
History of the University of Toronto plastic surgery training program (Lindsay), 182
Encephalocele
Frontoethmoidal meningoencephalocystocele, with invited comment by Stephen A. Schendel, D.D.S., M.D. (Shah et al), *case report*, 523
Epithelioma. *See* Carcinoma
Subcutaneous moving bodies (Sakai et al), *case report*, 444
Escherichia coli
Adherence of microorganisms to breast prostheses: an in vitro study (Sanger et al), 337
Extravasation injuries
Nonoperative management of full-thickness intravenous extravasation injuries in premature neonates using enzymatic debridement (Falcone et al), 146
Extremities, transplantation
Experimental evaluation of oxygen free radical scavengers in the prevention of reperfusion injury to skeletal muscle, with invited comment by Paul N. Manson, M.D. (Feller et al), 321

Eyelid, surgery
Correction of seventh nerve palsy lagophthalmos with gold lid load (16 years experience) (Neuman et al), 142
Eyelid neoplasms
V–Y advancement flaps for tumor excision defects of the eyelids (Doermann et al), 429

Face
Facial sensibility testing in the normal and posttraumatic population (Kesarwani et al), 416
Facial asymmetry
Latissimus dorsi free flap for restoration of facial contour defects (de la Fuente and Jimenez), 1
Posttraumatic condylar hyperplasia (Lineaweaver et al), *case report*, 163
Facial injuries
Facial sensibility testing in the normal and posttraumatic population (Kesarwani et al), 416
Facial paralysis
Correction of seventh nerve palsy lagophthalmos with gold lid load (16 years experience) (Neuman et al), 142
Smile for the Möbius' syndrome patient (Zuker and Manktelow), 188
Fibrin
Skin graft survival—the bacterial answer (Perry et al), 479
Fibrinolysis
Nonoperative management of full-thickness intravenous extravasation injuries in premature neonates using enzymatic debridement (Falcone et al), 146
Finger injuries
Results of treatment of 48 ring avulsion injuries (van der Horst et al), 9
Treatment of delayed union, nonunion, and malunion of the phalanges of the hand (Wray and Glunk), 14
Fingers
Reverse digital artery flap for fingertip reconstruction (Lai et al), 495
Fixation devices
Role of external cranial fixation in simplifying scalp composite tissue transfer (Hallock), *gadgetry*, 76
Flaps, arterial
Reverse digital artery flap for fingertip reconstruction (Lai et al), 495
Flaps, fascial
Extended temporoparietal fascia "non-free" flap (Hallock), *case report*, 65
Flaps, fasciocutaneous
re: Park and Park: fasciocutaneous V–Y advancement flap for repair of sacral defects (Parry), *letter*, 543
Flaps, forearm
Vascular microanatomy of skin territory of posterior forearm and its clinical application (Ding et al), 126
Flaps, free
Aesthetic refinements in reconstructive microsurgery (Toth and Elliott), 117
Evaluation of reconstructive techniques of oropharyngeal defects (Stern et al), 332

Flaps, free *(continued)*
Latissimus dorsi free flap for restoration of facial contour defects (de la Fuente and Jimenez), 1
re: neovascularized free cutaneous cartilage flap transfer with microsurgical anastomosis (Myers), *letter*, 453
Flaps, island
Subtransversalis passage of a rectus abdominis island flap for treatment of osteomyelitis of the posterior superior iliac spine (Lineaweaver et al), *case report*, 539
Flaps, muscle
Management of infected median sternotomy wounds (Martin), 243
Salvage of the infected groin vascular graft with muscle flaps (Mahoney), 252
Flaps, musculocutaneous
Comparative response of muscle and subcutaneous tissue pH during arterial and venous occlusion in musculocutaneous flaps (Warner et al), 108
Evaluation of reconstructive techniques of oropharyngeal defects (Stern et al), 332
Polyglactin 910 mesh for support of the donor defect of the double-pedicled rectus abdominis musculocutaneous flap (Hallock and Altobelli), 358
Striving for excellence in breast reconstruction: the salvage of poor results (Kroll and Freeman), *case report*, 58
Flaps, pedicle
Subcutaneous pedicle flap for perineal reconstruction (Sakai et al), *case report*, 440
Flaps, skin
Effect of prior elevation of skin flaps and ischemia on blood thromboxane levels (Angel et al), 501
Effect of time of vascular island skin flap elevation on tolerance to warm ischemia (Angel et al), 426
Median forehead island skin flap for the correction of severely collapsed nose (Zhou and Hu), *case report*, 516
Pharmacological augmentation of skin flap viability: a hypothesis to mimic the surgical delay phenomenon or a wishful thought (Pang et al), 293
V–Y advancement flaps for tumor excision defects of the eyelids (Doermann et al), 429
Flaps, thoracoumbilical
Evaluation of the pedicled thoracoumbilical flap in upper extremity reconstruction (Boyd and Mackinnon), 236
Foot injuries
Multiple microvascular transplants: a preliminary report of simultaneous versus sequential reconstruction (Whitney et al), 391
Forelimb
Growth of forelimb allografts in young rabbits immunosuppressed with cyclosporine (Kniha et al), 135
Fractures, nonunion
Treatment of delayed union, nonunion, and malunion of the phalanges of the hand (Wray and Glunk), 14

Gadgetry
Management of the difficult split-thickness donor site (Wood et al), 80
Quick stapler tie-over fixation for skin grafts (Kaplan), 173
Role of external cranial fixation in simplifying scalp composite tissue transfer (Hallock), 76
Sad pleats (Borges), 74
Gold
Correction of seventh nerve palsy lagophthalmos with gold lid load (16 years experience) (Neuman et al), 142
Gracilis muscle
Principles of functioning muscle transplantation: applications to the upper arm (Manktelow and Zuker), 275
Smile for the Möbius' syndrome patient (Zuker and Manktelow), 188
Graft, vascular
Salvage of the infected groin vascular graft with muscle flaps (Mahoney), 252
Graft survival
Management of the difficult split-thickness donor site (Wood et al), *gadgetry*, 80
Pharmacological augmentation of skin flap viability: a hypothesis to mimic the surgical delay phenomenon or a wishful thought (Pang et al), 293
Skin graft survival—the bacterial answer (Perry et al), 479
Grafts, bone
Complex orbital fractures: a critical analysis of immediate bone graft reconstruction, with invited comment by Robert M. Pearl, M.D. (Antonyshyn et al), 220
Grafts, skin
Management of the difficult split-thickness donor site (Wood et al), *gadgetry*, 80
Nerve endings in palm skin grafts (Wada and Mihara), 461
Quick stapler tie-over fixation for skin grafts (Kaplan), *gadgetry*, 173
Groin
Salvage of the infected groin vascular graft with muscle flaps (Mahoney), 252

Hand injuries
Drug injection injuries of the upper extremity (Smith et al), 19
Multiple microvascular transplants: a preliminary report of simultaneous versus sequential reconstruction (Whitney et al), 391
Vascular microanatomy of skin territory of posterior forearm and its clinical application (Ding et al), 126
Heel
Successful replantation of the heel pad: a seven-year follow-up (Sanger and Matloub), *case report*, 350
Hemangioma
Preliminary study of the combined effect of neodymium:YAG laser photocoagulation and direct steroid instillation in the treatment of capillary/cavernous hemangiomas of infancy (Apfelberg et al), 94
Hemangiosarcoma
Extended temporoparietal fascia "non-free" flap (Hallock), *case report*, 65

Hemipelvectomy
Internal hemipelvectomy as a treatment for end-stage pressure sores (Strinden et al), *case report*, 529
Hemodilution
Acute hemodilution in an anemic Jehovah's Witness during extensive abdominal wall resection and reconstruction, with invited comment by Salwa Shenaq, M.D. (Grubbs et al), *case report*, 448
Hyperbaric oxygenation
re: Alexander et al: fatal necrotizing fasciitis following suction-assisted lipectomy (Pardue), *letter*, 176; reply (Alexander), *letter*, 176
Hyperhidrosis
Prophylactic antibiotics in surgical treatment of axillary hyperhidrosis (Ma et al), 436

Injections, intravenous
Drug injection injuries of the upper extremity (Smith et al), 19
Ischemia
Comparative response of muscle and subcutaneous tissue pH during arterial and venous occlusion in musculocutaneous flaps (Warner et al), 108
Effect of prior elevation of skin flaps and ischemia on blood thromboxane levels (Angel et al), 501
Effect of time of vascular island skin flap elevation on tolerance to warm ischemia (Angel et al), 426

Pharmacological augmentation of skin flap viability: a hypothesis to mimic the surgical delay phenomenon or a wishful thought (Pang et al), 293

Jaw neoplasms
Ameloblastoma metastatic to the lung (Clay et al), *case report*, 160
Jehovah's Witnesses
Acute hemodilution in an anemic Jehovah's Witness during extensive abdominal wall resection and reconstruction, with invited comment by Salwa Shenaq, M.D. (Grubbs et al), *case report*, 448

Laser surgery
Preliminary study of the combined effect of neodymium:YAG laser photocoagulation and direct steroid instillation in the treatment of capillary/cavernous hemangiomas of infancy (Apfelberg et al), 94
Latissimus dorsi muscle
Latissimus dorsi free flap for restoration of facial contour defects (de la Fuente and Jimenez), 1
Principles of functioning muscle transplantation: applications to the upper arm (Manktelow and Zuker), 275
Striving for excellence in breast reconstruction: the salvage of poor results (Kroll and Freeman), *case report*, 58
